(TO THE NEW SCORPION LOOK)

*and you wont  
be unrewarded*

THE SCORPION CAR CO (WOKING) LTD  
31 Walton Road WOKING Surrey - Tel 2191/63446  
Patents applied for No 36599

*This is what  
it will do for you and your*  
**MINI**

*It will*

protect you both in any event of an accident, putting specially designed fibre-glass strength between you and your car's more important components, and any possible impact. We consider SAFETY an all-important factor in this present time, and, perhaps, this must be considered the greatest of all its advantages.

*It will*

cost you a little, it is true, but during the time you own it, you will undoubtedly be repaid by the glances it earns you and by virtue of the improved aerodynamics that

**INCREASE PERFORMANCE · DECREASE FUEL BILLS · INCREASE STABILITY**

—another inbuilt safety factor.

*It will*

be easy to fit. The nose and bonnet section come in six popular BMC Mini colours: Tartan Red, Old English White, Ireland Blue, Tweed Grey, Maroon, and Almond Green. If you have a car whose colour is not listed above, or whose colour might have faded, we supply a Grey bonnet, this being easy to spray to a matching colour. The nose section fits snugly over your wings and is easy to fix and just as easy to remove to fit to your next Mini, leaving the nose of your old Mini unmarked. The actual bonnet lid replaces your old one and fits the old hinges. You can use your old grille, too—upside down.

Built in association with  
Williams & Pritchard Ltd

*Bonnet Kit*

This kit is complete to the last item, including all the mountings for catches, an inbuilt safety catch, wires and electrical contacts for extending indicator lamp cables, should these not be long enough to reach the new mounting points for the lamps. Also in the kit are all the necessary attachments and six badges to convert your Mini into a
