

# VISTA

SPOT and FOG LAMPS

Type 1794

QUARTZ IODINE

TYPE 1794/BQ/Spot Lamp TYPE 1794/AQ Fog Lamp

A superbly designed high quality lamp for pendant mounting beneath the bumper bar. Specially styled to blend with the frontal appearance of the modern motor car, this lamp will appeal to the discerning motorist.

Strongly constructed with a deep brass chromium plated bezel and a sturdy diecast body housing an optically designed aluminised reflector. A correctly focused 12 volt 55 watt quartz iodine bulb ensures a high and constant light output.

These lamps are available with either a pencil or spread beam.

TYPE 1794/B Spot Lamp TYPE 1794/A Fog Lamp

Incorporating all the notable features of the quartz iodine models but fitted with a standard 12 volt 48 watt British pre-focus bulb, these lamps are available with either a pencil or spread beam.

## THE POPULAR Flexilight TYPE 1589

Navigator and Executive Models are available with either 12" or 18" tube.

Illustrated is the Navigator Type 1589/P 12 volt—a MUST for all Rally and Competition drivers. Three models are available, each consisting of a semi-rigid tube, incorporating in the mounting bracket a built-in switch, and a moulded adjustable cowl housing a low wattage bulb. An adequate length of cable, an anchorage clip to support the lamp when not in use, fixing screws and instructions for mounting are included with each kit. Chrome finish.

	18" tube type		12" tube type	
NAVIGATOR MODEL	No.	Volt	No.	Volt
	1589/N	6	1589/KA	6
	1589/P	12	1589/LA	12
	1589/Q	24	1589/MA	24
