

Here's

NEW

for **MINI-OWNERS**

NOW

GIRLING HEAVY DUTY SHOCK ABSORBERS

to match your kind of motoring

Girling Shock Absorbers were fitted as standard to all BMC Mini models prior to October, 1964. They are available from garages everywhere and give maximum stability at speed, increased corner control, and comfort and safety on rough roads. For consistent efficiency and extra long life, fit Girling Shock Absorbers.

And for the competition driver

**Under
all
conditions**

GIRLING COMPETITION SHOCK ABSORBERS

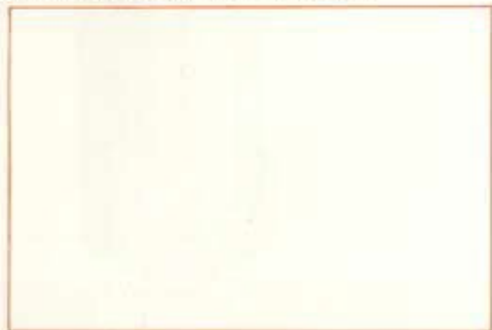

as fitted to B.M.C. Factory Teams

Specially developed for BMC factory teams, Girling supply shock absorbers built to exacting specifications and with settings that give positive response under the most arduous conditions. If you use your Mini in competitions or are looking for optimum performance ask about these units at your garage.
