BRITISH MINI WINS MONTE CARLO RALLY - AGAIN!

Rauno Aaltonen (left) of Finland and his co-driver Henry Liddon of Britain - winners of the Monte Carlo Rally in a British Motor Corporation Mini Cooper 'S' - pose with their car on an unloading ramp at London Airport and wave their trophies to the well-wishers who greeted them on their return to Britain.

Victory came to the "Flying Finn" and his partner after a thrilling drive over the final 350-mile mountain circuit; they moved ahead from fourth place to win by just 12 seconds, with the Italian Lancia-Flavia coming second.
