Extra

There's more to the latest Morris Mini Super de Luxe than its breezy new grille and restyled back. A short, quick-flip gear lever adds zip to your driving. A new 998 c.c. engine thrills with extra power. And, for only £579. 8. 7, that's not all. Find out the rest on a free test-drive!

Male or female...

It's immaterial when you're test-driving one of our Morris Minis. For men, it's as zippy as a greyhound and tough as steel. For women, it turns on a sixpence, parks in less space than a couple of prams. And for everyone, it's got a choice of 850 c.c. or 998 c.c. engine, new trim inside and out, and a racy short gear-lever. Prices from £508.15.0. So come in and try one. Whatever you are.
