EXHAUST EQUIPMENT

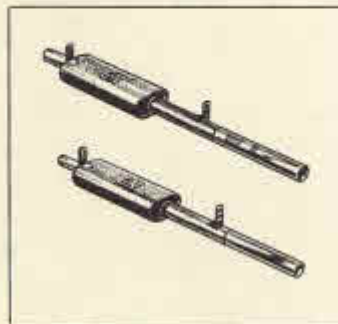

BROWN AND GEESON LIMITED

Our associate company GN Panels has been manufacturing exhaust systems for more than twenty years. From their extensive range we offer the following:

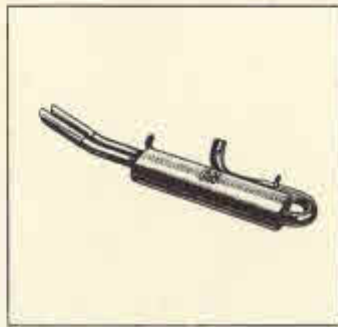

MANIFOLD GN 570 MFD

A combined inlet and exhaust manifold to take a twin choke downdraught Weber carburetter.

BIG BORE SILENCER GN 630 STWTP

Straight through construction. For Mini range and Coopers. Gives sports note really sought after by enthusiasts. Double steel casing, glass wool packed, hand welded with superior finish. Chrome tail pipe.

IMP SILENCER GN 470 TCWTP

New radical design, giving greatly improved exhaust extraction. Available with single or twin chrome tail pipes.

MONZA

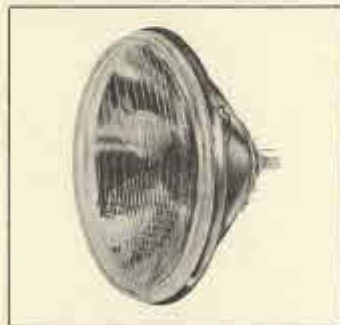

A range of performance tested exhaust systems with twin chrome tail pipes. Available for the following continental cars:
Renault Dauphine
Simca 1000
Fiat 1100
Alfa Romeo Guilla TI (post '63)
Fiat 1500 (twin silencers)
Mercedes Benz 220 (post '63) (twin silencers)

LIGHTING EQUIPMENT

BROWN AND GEESON LIMITED

As a Cibié main distributor, we can offer the complete range of Cibié quality lighting equipment. As used by many works teams and private entries in national and international rallying. A comprehensive leaflet of switches and switch panels is available on request.

TYPE 22

The headlamp unit for most cars with 7-inch headlamps. Highest light output with European asymmetric dip. Completely interchangeable, fitted in 30 minutes. Clear or Cadmium bulbs—left/right dip changeover at rear of unit.

TYPE 95

Reversing lamp—a simple efficient and robust unit with universal bracket that can be bent to any shape.

TYPE 90

The modern rectangular Fog or Driving lamp. 180° fan beam or conical driving beam. Includes removable shield to protect from damage when not in use.

OSCAR

The famous Rally, Fog or Driving lamp. 6 or 12 volt, lens shield included, grille available as extra. Also supplied with iodine bulbs 6 or 12 volt.

TYPE 45

The fantastic slimline Fog or Driving lamp. 7-inch diameter yet only 1½ inches deep! All stainless steel construction. 12 volt iodine bulb, universal attachment bracket.

PERFORMANCE EQUIPMENT

BROWN AND GEESON LIMITED

A selection of specialised equipment designed to produce additional performance by virtue of improved efficiency. These items are again only a small fraction of the enormous selection of goods always in stock.

SMITHS AIR FILTER

An efficient, silent and compact pancake air filter for Webers, SU's, Solex and Zenith carburetters. The perfect complement to a carburetter and manifold conversion—for the standard car a worthwhile means of improving engine efficiency.

RAM PIPES

Improve performance by fitting these spun alloy ram pipes to your SU carburetters. Ready to fit types H2, H4 and H6. Now available—shortie ram pipes for SU H2 and H4 (especially suitable for BMC Mini range).

DOWTY AUTOFAN

Lower running costs with this new feathering fan. Fits all BMC Mini and 1100 ranges, interchangeable with the existing fan. Go faster, quieter and with more economy. Better cold starting, cooler fast running with the fan that automatically changes its blade angle with different engine speeds.

ARMSTRONG ROADHOLDER

To improve roadholding, give better steering response, stability and reduce wheel tramp we offer a comprehensive range of Armstrong Roadholder suspension equipment. The Firmaride, Adjustaride or Selectaride types are all stocked for most British and Continental cars.

RALLY EQUIPMENT

BROWN AND GEESON LIMITED

More specialised equipment for the dedicated rally driver.

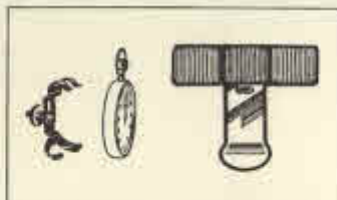

DATABOARD

Sturdy rigid PVC covered board. Clear plastic sheet keeps documents dry and clean yet can be written on with a china clay pencil. Patent spring clip secures all documents, pen and pencil holders. Takes all sizes up to foolscap.

MAPMASTER

Handy sized board, 19-in. square covered in black plastic. Pockets for calculator, ruler, romer and pencils. Map retained by spring clips. Complete with watch holder.

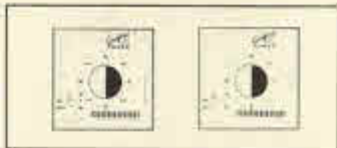

STOP WATCH HOLDER/PENCIL CLIP

Adjustable watch clip, takes all normal size stop watches. Screws to dashboard or map board. Pencil clip, a handy gadget which holds three pencils and clips to map board or door trim.

BUTLER FLEXILIGHT

A must for keen rallyists. Flexible chrome plated spiral tube with shaded light. Built in switch. Ideal for all map reading. State voltage.

GARFORD ROMER

With compass protractor. For use on all Ordnance Survey maps. In white plastic.

HELPHOS LAMP

Windscreen spot, fog, searchlight handlamp. Double slewing, fully rotating. For flat, curved and inclined windscreens. Fixes to windscreen by high-powered suction ring. Essential for rallying, immediately pinpoints signposts. Used by works teams. Patent black cap bulb, 6, 12 or 24 volts, 35 watts. Complete with 8 ft. cable and built-in switch. Ivory, red and black.

DRIVERS EQUIPMENT

BROWN AND GEESON LIMITED

A comprehensive range of equipment for racing and rally drivers is always stocked. The items listed here we consider represent the highest quality and finest value for money on the market today.

HOPKIRK RALLY COAT

The Hopkirk Rally Coat, tested in many of the world's top rallies. Beautifully tailored in blue quilted nylon, Ferrari red lining. Available in sizes: Small (38 chest), Medium (40), Large (42), and Extra Large (44). Also in women's sizes.

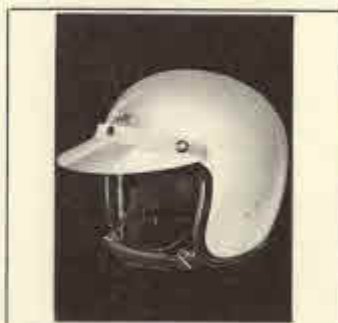

JIM CLARK DRIVING GLOVES

As specified and worn by the World Champion in the Indianapolis 500 race. Made from touch-thin Kangaroo skin, washable and dyefast. For superb control at the wheel. Black only, sizes medium and large.

JOHN SURTEES DRIVING SHOES

These elegant driving shoes are hand-made by craftsmen from the finest leather. Cut-away heel for smooth operation of brake clutch and throttle, perforated inner sole for maximum comfort in use. Black only in all sizes.

GRAND PRIX HELMET

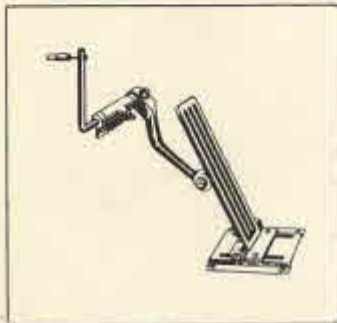

Entirely new British-made helmet to BSI standard, complies with new RAC regulations. Four layer glass fibre shell with non-resilient impact liner. Double chin strap, adjustment by press studs and D rings. Accepts Bell peak or special Leston peak. Standard colour silver, sizes from 6½ to 7½. Optical plastic visor also available.

SPQR MINI ACCESSORIES

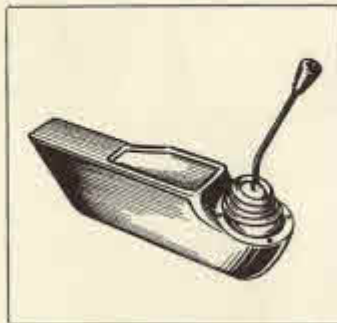

BROWN AND GEESON LIMITED

Carefully designed and expertly engineered, SPQR Mini accessories are confidently recommended.

ADJUSTAFIT

Polished aluminium accelerator assembly. Adjustable foot angle, grease nipple lubrication. Complete linkage and special anti-friction cable. Right-hand drive only.

MAJOR CHANGE

A remote control linkage, only complete answer to that slow cumbersome gearchange. Glass fibre covered. Standard in polished black or De Luxe vynide trimmed. Left- and right-hand drive. Not for Coopers.

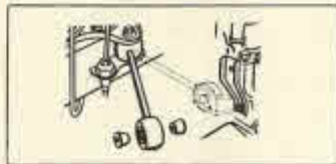

STABILISING RODS

Banish engine shake and exhaust pipe fracture. This kit links base of engine with chassis sub frame. Essential for tuned Minis with non-standard exhaust systems. One exhaust system replaced more than pays for the kit!

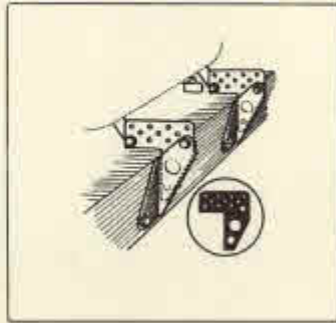

STEERING COLUMN ADJUSTER

Enables the column to be raked downwards for a better driving position. Easily fitted.

ENGINE CONES

All models before Feb. 1963. Cut down engine vibration, exhaust pipe fracture and gearchange shake by inserting the stabiliser cones into tie bar rubbers.

SEAT BRACKETS

Maximum rearward adjustment with a variety of height positions. Robust design, will not damage chassis crossmember, sold in pairs for each seat. Strong as original fitting.

WHEEL CONVERSIONS

BROWN AND GEESON LIMITED

We offer complete wheel conversions sold either in sets of five or individually, to customer's choice. The wheels are fully tested and produced in cast alloy, lighter but stronger than conventional steel wheels.

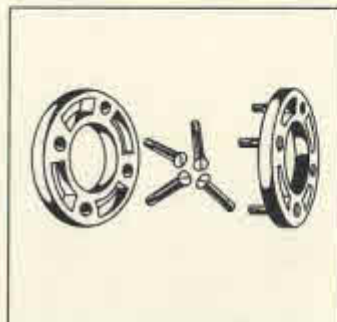

COSMIC

Immense strength, 1½-inch wider track gives greater stability, improved cornering and reduced unsprung weight. Immediately interchangeable with the standard wheels. Accept 5-00 to 6-00 tyres. Super adhesion and braking.

MINILITE

Magnesium wheels as used by leading international rally and racing drivers. Corrosion, fatigue and tarnish resistant, choice of rim width and track dimension. Exceptionally high strength, precision die-cast in magnesium elektron. For tubed or tubeless tyres.

B-G WHEEL SPACERS

Designed to give maximum track increase with safety. 1½-inch per axle. Kit includes eight high tensile studs per pair. For Mini range Cooper (rear only but not S) Morris 1000, A35, Midget I and II, Sprite I, II and III.

MINIFIN BRAKE DRUMS

A 7-inch aluminium brake drum with mehanite liner cast-in and fan-type radial cooling fins. Up to 25% improved braking efficiency. Fins increase cooling area, improve drum stiffness, reduce fade drastically. Has to be tried to believe the improvement they make to Mini braking!

INSTRUMENTS

BROWN AND GEESON LIMITED

Below is presented a small selection from the extensive range of Smiths and Motometer quality instruments.

SPQR TACHOMETER COWL

Supplied with or without Smiths tachometer. For Mini range, mounts the tachometer where you can see it, right in front of the driver's eyes, on the steering column. Speedwell Universal for other makes.

SMITHS

- A) De Luxe SP Panel with black simulated leather effect. Ammeter, tachometer (available for 4 or 6 cylinder 0-8000 or 0-10,000 rpm) and oil pressure gauge.
- B) De Luxe SP1 Panel with performance gauge.
- C) De Luxe SP2 Panel with water temperature gauge and vacuum gauge.
- D) SP3 De Luxe Panel with ammeter, water temperature and oil pressure gauges.

All these instruments are sold in panels or separately in 6 or 12 volt. All gauges fully illuminated. 2-in. diameter except tach. which is 3¼-in.

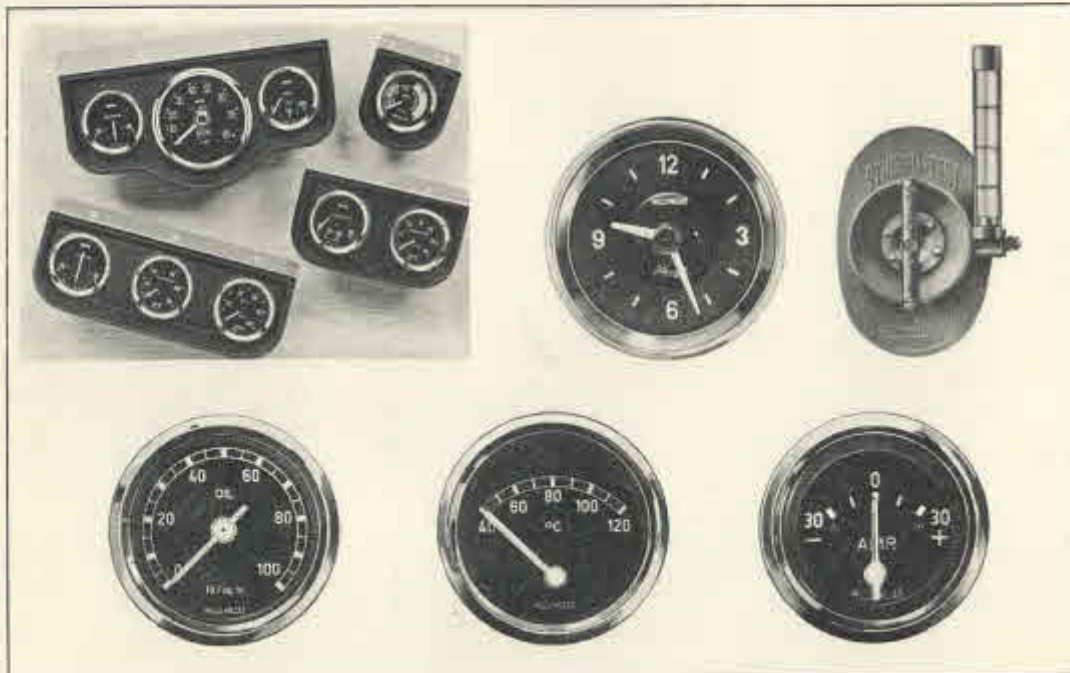

MOTOMETER

Imported from West Germany. The originators of the water temperature gauge.

Ammeter, Water temperature, Oil Pressure gauges.

Clock. This clock has the famous Kieziele movement and is original equipment on most Continental cars.

Synchro-tester. Accurate synchronisation of two or more carburetters giving smooth idling, optimum distribution of mixture and reduced fuel consumption. Supplied with full operating instructions.

GENERAL ACCESSORIES

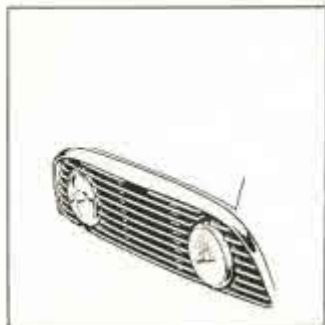

BROWN AND GEESON LIMITED

Shown here are a few of Brown and Geeson's additional accessories for your car. Well made, worthwhile items to add to your driving pleasure.

AUXILIARY LAMP COVERS

Protect spot, fog and driving lamps against mud and flying stones. Soft padded, elasticated for tailored fit or instant removal. In black and white chequers. Sizes up to 5½ in., 5½-7½ in.

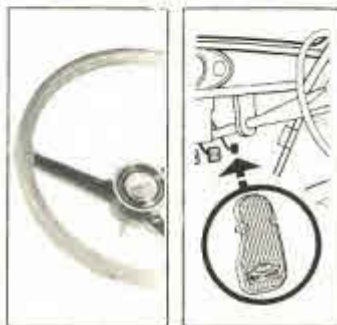

BENELITE GRILLE

For Minis. A distinctive grille, available plain or cutaway to mount auxiliary lamps as shown. A sure way to protect spot and fog lamps and add a touch of individuality at the same time!

KL BONNET LOCKS

Dashboard controlled bonnet locks for all BMC Minis and 1100's and Ford Cortina. Complete kit, simple and quick to install—an essential safety precaution. Ensure complete security for the engine compartment.

B-G STEERING WHEEL COVER

Real leather, superb quality, simple lace-on fit. Colours black or tan. State colour and make of car when ordering.

GRILLE BUTTONS

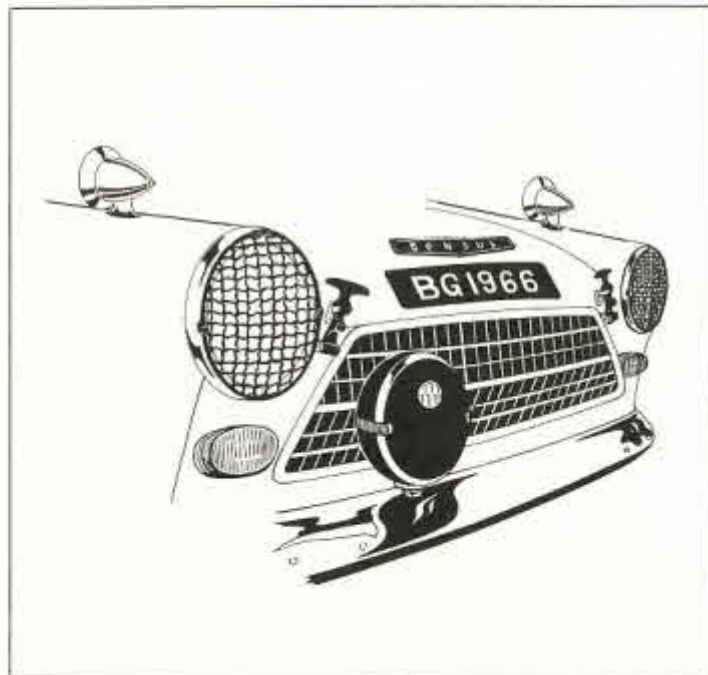

For all Minis. Simple to fit, for easy removal of grilles and quick access to distributor, fan belt, dynamo, oil filter and horn etc. They will save their purchase price on your first garage service!

GENERAL ACCESSORIES

BROWN AND GEESON LIMITED

A further selection of worthwhile quality motoring accessories from our enormous stocks.

NUMBER PLATES

Self-adhesive registration letters and numbers in white or in super-gloss silver. Rectangular black background. Only best quality plastic used!

SPEED MIRRORS

Special lightweight aluminium model with polished quality finish. Also available in heavy duty chromium on brass. Diameter $3\frac{1}{2}$ ins., please state flat or convex type.

B-G CONTINENTAL BONNET HOOKS

Quality moulded rubber hooks and catches which will securely hold bonnet, boot or body panels. Complete with plated brackets for easy fitting. A worthwhile safety factor apart from the appearance.

B-G STONEGUARDS

Suitable for most Lucas 7-inch headlamps (not Imps). Also for Dauphine, R8, Cibie 22's at the same price. VW 1200 at extra cost. Requires no drilling to fit. A worthwhile protection for your headlamps at all times.

OSCAR DRIVING LAMP

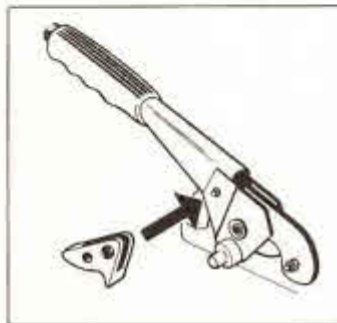

The world's finest lamp. Used by most of the leading rally teams. You don't have to join a rally team to own one though! Complete with unique black lens shield.

GENERAL ACCESSORIES

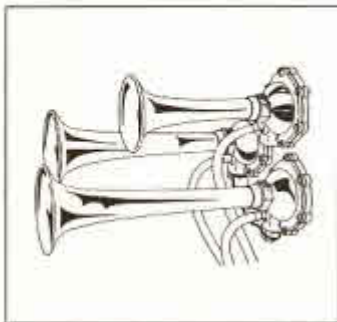

BROWN AND GEESON LIMITED

Every article listed here is really practical and represents a worthwhile purchase.

FLYOFF HANDBRAKE

For a racing start! The existing handbrake is quickly and easily converted. Fits all Minis and Coopers, 1100's, Riley and Wolseley 1-5's, MGB, Minor 1000 etc. Complete with handbrake lever grip.

MASERATI AIR HORNS

An essential accessory for road safety under all conditions. SPRINT with twin high discord. NORMAL with lower twin mellow note. New T3 MINOR plays three alternating or one single note at the flick of a switch. COLONEL BOGEY five horn set for the ultimate in Jonesmanship! Plays the famous tune!

RALLYE SEATS

Used by leading rally drivers, the Rallye 5 is a lightweight bucket seat for comfort and safety. A must for fast driving on road or track. Scientifically designed and superbly made. Sub frames available for most cars.

SEAT ANGLE BLOCKS

Enables seat rake to be adjusted to desired angle and height. For Minis, 1100's, Imps, Herald and Vitesse, Anglia and Cortina, A35 and 40, etc. Fit most tubular frames.

HEADRESTS

Superb new Danish design. Adjustable for rake and height. With detachable covers. Black, red or tan for all cars.

LUMIX SWITCH

Recommended for use with Maserati air horns. Four switches in one! Headlamp flasher, trafficators, horns and auxiliary lamps can all be worked off the one switch. No relay required—heavy contacts. Supplied with four interchangeable adaptors to give use of any two of above-named positions.

INSTANT GOODIES

BROWN AND GEESON LIMITED

We can't show you everything in the space available, but here are a few specials from our terrific stock.

GEAR KNOBS

Polished walnut gear knobs with die-stamped coloured badge inset. Available as GT or Mini, black or red, MG, Austin Healey Sprite and universal Sports badge. Also in plain walnut without motif.

BADGES

Authentic emblems, silk embroidered on stout cloth backing. Beautifully made from top quality materials for jacket, racing overalls or car coat. For most British sports cars and Cooper, continental cars plus Mustang, Racing Team, Rally Team, Union Jack etc.

Plastic stick-on badges, range includes Lotus 3½ and 5½ in. symbols, Monza 4 in., Sports disc 7 in., Rally Team, Racing Team, Discs, Union Jack crossed flags and the exclusive 'You have just been Mini'd'.

KEY FOBS

Superb quality leather with full colour enamelled badge. For complete range of British, continental and American cars.

CUFF LINKS

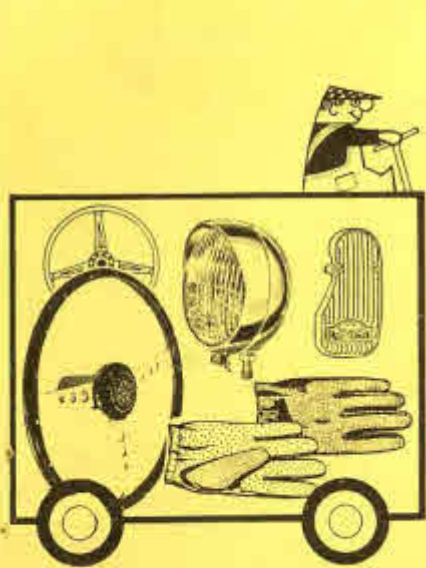

Exclusive Brown and Geeson product. Quality gold finish motif on jewellers black enamel background. Suitable for every occasion. Individually boxed.

TYRE DRESSERS

BG Tyre Dresser, gives every wheel that sports car appeal. Picks out raised lettering on tyres. In plastic container. Silver or gold.
