

# GEAR SHIFT KNOB

*Mk1-performance-conversions.co.uk*

YOUR GEAR SHIFT'S CROWNING GLORY—a jewellers' enamel car emblem accurately reproduced in authentic colours, enhanced by smooth optical glass, and mounted in a lightweight knob which has been polished, nickelled and chromed to a mirror finish. The exclusive nylon mounting ensures ease of fitting (retaining your existing locknut, if you wish) complete security when fitted, and ease of removal if required. This high-quality accessory adds impressive distinction to your car and is designed to sit snugly in the hand for smooth gear shifting.

- ★ **LIGHTWEIGHT.** The average weight of less than 3 oz. and the nylon sleeve mounting ensure freedom from sizzle.
- ★ Perfectly shaped to sit snugly in the hand for smooth shifting.
- ★ Accurate and authentic car emblem (St. Christopher and various gate patterns also available) in brilliant jewellers' hand-fired enamels.
- ★ Domed crown in flawless optical glass brings out every detail of the car emblem.
- ★ Key locked to your gear shift.
- ★ Well over 100 emblems available for British, Continental and American cars.
